Graduate Dip in Counselling

The Graduate Diploma in Counselling offers upskilling to raise the standards of pastoral care in church ministries and community practice. It is also suited for aspiring counsellors who seek vocational training that equips them for effectual practice as registered counsellors in Singapore.

Master of Arts in Counselling & Community Work

The Master of Arts in Counselling and Community Work is a leadership development programme for counsellors and caregivers doing community work in a multi-cultural setting. The programme is also suited for Christian leaders in pastoral caregiving as it upskills them to develop and manage community projects and outreach programmes.

Doctorate in Counselling

The Doctorate in Counselling trains and upskills senior pastors, counsellors, and community caregivers in thought leadership and scholarship as well as clinical practice. Students are spiritually moulded, theologically informed, and contextually located to integrate spirituality and faith with evidence-based psychological therapies and counselling approaches.

Our Accreditations

Singapore Association for Counselling (SAC) and the International Registry of Counsellor Education Programs (IRCEP)

API is accredited by the Asia Theological Association (ATA) and affiliated with the Council for Christian Colleges and Universities (CCCCU)
